Ms. Turner,

I just wanted to take a few minutes to let you know how impressed I am with one of your employees.

A few months ago I was introduced to Godi Watters, the wound care nurse. She has been a god send. Her knowledge is reassuring to myself and the other caregivers.

Godi is not only personable and pleasant she is a wonderful teacher and is willing to go the extra mile.

Thank you for sending her to me...

My mother's bed sore is almost gone. It is so reassuring to have her coming to my home 2 times a week.

Everyone at Generations has been very pleasant and professional.

From the desk of

Frank J. Livelli

especially Godi.

Thank You,
Debra Livelli (daughter)
of Dorothy Andrews.
